

Description of the Arroxx Rainsuit, Transparent

Color

- Prd no 54375 Arroxx Rainsuit, Transparent

Specification

1. Single layer.
2. Stretch closure at wrist and ankles.
3. Zipper at the ankles for easy step-in with shoes.
4. 100% wind and waterproof.
5. Zipper positioned sideways to avoid rain leaking through the zipper.
6. Transparent fabric to ensure visibility of your racing suit
7. Packed per piece in a convenient case.

Homologation

Homologation is not applicable.

Sizes

48 to 64 per 4 (48 / 52 / 56 / 60 / 64)

Remarks

1. Due to the cuffs at the wrist and ankles it is no problem to wear too big sizes.
2. If you hold a suit next or in front of the customer to determine the size, always keep in mind that a flat suit is around 15% longer than "filled" suit.
3. To test the right size: always have the customer sitting on the ground wearing the suit (like in a kart-seat). The suit should NOT pull down at the neck.
4. Sizing of this rainsuit is based on the size of our other suits. Therefore, customers wearing an Arroxx suit should take a rainsuit with a size equal to the size of their racing suit.

The best kept secret among real drivers.
